Day 1 on 22/9/2016 (Thur), Day 2 on 5/10/2016 (Wed) & Day 3 on 13/10/2016 (Thur)

Time : 9.00am to 5.30pm

SISV Training Centre 110 Middle Road #09-00 Chiat Hong Building Singapore 188968

OBJECTIVE AND CONTENT

This 3-day Real Estate Valuation Course is tailored to the needs of staff of statutory boards & government organizations who are working in the valuation division and/or in relation to valuation work to update them on the industry practices and the common methodologies used in real estate valuation.

It will give an overview of the fundamentals in valuation and the market value concept (Topic 1), the factors that affect values and the valuation process (Topic 2). In addition, valuation methodology (Topic 3) and various valuation approaches (Topic 4), as well as valuation practice & reporting standards (Topic 5) and Case studies (Topic 6) will be discussed.

It will further provide an in-depth discussion of the methods of valuation used in practice, and in particular, focus on the various valuation methodologies used for different purposes in relation to valuation work undertaken by practicing valuers working in statutory boards and/or other government organisations.

Case studies and examples will be used in this Course to illustrate the methodologies. The valuation standards required and industry practices will be highlighted. Opportunities will be given to participants to undertake a few valuation assignments.

LEARNING OUTCOMES

The participants should acquire a better knowledge and understanding of the common valuation methods and valuation practices in the industry, and be able to conduct such valuations for statutory purposes in accordance to recognised valuation standards.
